DUE 020100

POC Nick Aievoli (703) 693-8942 or (703) 693-8965/ Billie Frye
(703) 693-7656

DESC: The Pentagon Renovation Office is soliciting technical proposals for the Metro Entrance Facility (MEF) construction project utilizing two-phase design-build selection procedures. The Phase 1 solicitation is anticipated to be issued on or about December 15, 1999, and will be evaluated to determine which offerors will submit proposals for Phase 2 which is anticipated to be released on or about April 1, 2000. Phase 1 will be posted on the PENREN web site located at http://www.dtic.mil./pentagon_renovation/ongoing no hard copies of the solicitation or any amendments will be issued. One contract will be awarded using best value competitive procedures. The estimated cost range for this project is between \$25,000,000 and \$100,000,000. Industry Day is tentatively scheduled for December 9, 1999, location, time and registration procedures will be posted on the PENREN web site referenced above. The primary objective of the MEF construction project is to improve the level of safety and security of the Pentagon while continuing to provide access to various means of transportation along the southeast side of the building. The MEF construction project includes; (1) relocation of existing bus facility away from the Pentagon; (2) a new secured Pentagon entrance structure; (3) revised access to existing Pentagon Metro Station; (4) equivalent public bus facility and (5) improved provision for

private vehicle and taxi service.
